

Easter with a difference by Mrs Robinson

The sun is shining brightly, there's blue skies up above
The gentle breeze delivering
A sense of peace and love.
Leaves are budding,
Birds are chattering
Spring is in the air
And it's Easter... with a difference

Tulips and daffodils
Eggs and chicks and bunnies,
Frogs and tadpoles
Those bees are making honey
Crocuses and bluebells
so picturesque and pretty
Spring is in the air
And it's Easter... with a difference

Chocolate eggs that we devour
and Bonnets that we wear
Love and joy and lighter days
Sweet laughter fills the air
So enjoy the beauty now you're safe at home
Know the love that we all share
Means you won't be alone
Spring is in the air
For its Easter.... with a difference
Easter with a difference.

A promise of beauty
of love and joy and light
Spring and Easter
delivers smile deep within
The future can be bright
So enjoy the beauty
from the windows of your home
Know the love we share
means you really aren't alone
For it's Easter..... with a difference
